INSTRUCTION BOOKLET

UBISOFT

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME CARD OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:

**Convulsions
Altered vision**

**Eye or muscle twitching
Involuntary movements**

**Loss of awareness
Disorientation**

- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

WARNING - Radio Frequency Interference

The Nintendo DS can emit radio waves that can affect the operation of nearby electronics, including cardiac pacemakers.

- Do not operate the Nintendo DS within 9 inches of a pacemaker while using the wireless feature.
- If you have a pacemaker or other implanted medical device, do not use the wireless feature of the Nintendo DS without first consulting your doctor or the manufacturer of your medical device.
- Observe and follow all regulations and rules regarding use of wireless devices in locations such as hospitals, airports, and on board aircraft. Operation in those locations may interfere with or cause malfunctions of equipment, with resulting injuries to persons or damage to property.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- When using the stylus, you do not need to grip it tightly or press it hard against the screen. Doing so may cause fatigue or discomfort.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

The Nintendo DS contains a rechargeable lithium ion battery pack. Leakage of ingredients contained within the battery pack, or the combustion products of the ingredients, can cause personal injury as well as damage to your Nintendo DS.

If battery leakage occurs, avoid contact with skin. If contact occurs, immediately wash thoroughly with soap and water. If liquid leaking from a battery pack comes into contact with your eyes, immediately flush thoroughly with water and see a doctor.

To avoid battery leakage:

- Do not expose battery to excessive physical shock, vibration, or liquids.
- Do not disassemble, attempt to repair or deform the battery.
- Do not dispose of battery pack in a fire.
- Do not touch the terminals of the battery, or cause a short between the terminals with a metal object.
- Do not peel or damage the battery label.

Important Legal Information

This Nintendo game is not designed for use with any unauthorized device. Use of any such device will invalidate your Nintendo product warranty. Copying of any Nintendo game is illegal and is strictly prohibited by domestic and international intellectual property laws. "Back-up" or "archival" copies are not authorized and are not necessary to protect your software. Violators will be prosecuted.

REV-E

The official seal is your assurance that this product is licensed or manufactured by Nintendo. Always look for this seal when buying video game systems, accessories, games and related products.

Nintendo does not license the sale or use of products without the Official Nintendo Seal.

CAUTION - Stylus Use

To avoid fatigue and discomfort when using the stylus, do not grip it tightly or press it hard against the screen. Keep your fingers, hand, wrist and arm relaxed. Long, steady, gentle strokes work just as well as many short, hard strokes.

GETTING STARTED

To begin playing, insert the Rabbids Go Home™ Game Card into your Nintendo DS™ system and push the Power Button.

CONTROLS

INTRODUCTION

Language Selection

Touch the desired language. Touch the button again to confirm your choice. You can change the language later in the Options menu.

Main Menu

Using the stylus, touch one button to highlight it. Touch the button again to confirm your choice.

In any case, you can touch the Back button  to go back to the previous menu.

Story Mode

Touch New Game to start a new game. Touch the button again to confirm your choice.

If you already started a previous game, a pop-up message will ask you if you want to overwrite your saved data. Touch ☒ to erase the saved data and start the game from the beginning.

Navigation

The Story Mode is composed of 5 different worlds: Building Site, Miami, Theme Park, Las Vegas, and, finally, the Dump.

When you first start out, you'll be located in the **Building Site**. On the Touch Screen, touch the lower green button to enter the first zone.

Then touch the first shopping cart to enter the first level.

Inside a level, the goal is to make the shopping cart reach the toilet, collecting as many objects as possible on the way. These objects will be used by the Rabbids to make the pile!

In each level, you need to collect at least one resource with the shopping cart, and reach the toilet. If you have not collected any resources, the toilet will not open and you won't be able to complete the level.

The resources can be traffic cones, coconuts, plastic ducks, money bags, toilet paper...

... as well as small-dog or human clothes:

In order to build the path leading the shopping cart to the toilet, you can use objects from the lower menu bar. Simply drag and drop these objects onto the screen.

When placing an object on the screen, a pop-up will appear, allowing you to:

- Turn an object or reverse its orientation
- Change the item's type (for example the size, color, mode...)
- Add a wire to connect the object to a battery or a conveyor belt

In-Game Menus

Options Menu:

You can access the Options menu by touching the arrow on the right in order to:

- **Reload:** Start the puzzle again from the beginning.
- **Grid Off / Grid On:** Hide / show the grid.
- **Auto Camera / Manual Camera:** Set the Camera mode when pushing the Play button.
- **Use Clues:** Use a clue point to get advice on how to solve the puzzle. You can use up to 2 clue points in a puzzle. The first one will show you where items should be placed, and the second will place all the items on the puzzle. You will get new clue points as you progress in the Challenge mode.

Multiplayer Menu:

You can access the Multiplayer menu by touching the arrow on the left.

• **Multiplayer:** This option will let other players join your game and help you solve the puzzle, via Connect to a Server option from the Multiplayer menu. Please refer to the Multiplayer section of the manual for more details.

• Once you have placed all the needed objects, touch the Play button to launch the action, and watch the result.

At the end of the level, you can try another solution by touching Retry, or go to the following level by touching Next.

In the Story Mode menu, touch Continue to continue your previous game. Touch the button again to confirm your choice.

From the general map (the pile), touch a green point to enter a zone. Touch the button again to confirm your choice.

Challenge Mode

Then touch a green shopping cart to enter a level.

Using the stylus, touch any button to access a Challenge mode. Touch the button again to confirm your choice. If there is a red cross near the Challenge mode icon, that means it's currently locked and you can't access it just yet. New Challenge modes will be unlocked as you go along the Story mode.

The Challenge modes are:

• Get Out, Rabbids!

In this mode, throw all the Rabbids out of the screen to win the level.

• Addicted to TV

In this mode, bring all the Rabbids in front of a TV to block them and win the level.

• Air-Bunny

In this mode, make the Rabbid fly as long as possible, collecting as many resources as possible in the air before the Rabbid touches the ground. Be careful, if the Rabbid touches the ground, the level is finished.

• A Toilet, a Shopping Cart... Anything's Possible!

In this mode, place the shopping cart and the toilet yourself, collecting as many resources as possible on the way.

Then touch an open lock (green) to enter a level. Red locks (red) remain locked until you solve the previous level.

Multiplayer

Connect to a Parent (JOIN GAME)

Select this option to join another player in the Multiplayer mode. The game will automatically start scanning for other players. In the list of available hosts, touch the selected person and game you want to join.

Coop Mode (HOST GAME)

Select this option to continue the Story mode, letting other players who also own Rabbids Go Home join your game and help you solve the puzzle.

This option can also directly be accessed from the Story mode, through the Multiplayer in-game menu. You can access this menu by touching the arrow on the left:

Touch this button and select Multiplayer to create a server that allows other Nintendo DS users to join your game and play this puzzle. The other player can join you by using the Multiplayer option Connect to Parent.

Once another player has joined your game, you can let him play the puzzle by selecting Skip Your Turn in the Multiplayer in-game menu. If you want to play again yourself, select Take Your Turn from the same menu. At any time you can select Disconnect in the Multiplayer in-game menu to quit the Multiplayer Co-op mode.

Single Card

Select this option to send a puzzle to another Nintendo DS which does not have a Rabbids Go Home card inserted, through the DS Download play option in the Nintendo DS menu (DS Download). Touching this button will create a server that allows other Nintendo DS systems to download and play your puzzle.

Once another player has joined your server, select the puzzle you want to send to the other Nintendo DS.

Then access the Multiplayer in-game menu by touching the arrow on the left.

In this menu, touch the Send button to actually send your puzzle to the other player. At any time you can select Disconnect in the the Multiplayer in-game menu to quit the multiplayer game.

Build Levels

Rabbids Go Home DS/Nintendo DSi™ allows you to create your own puzzles and share them with your friends and the community.

Build Puzzle

The Build Puzzle menu will let you create, load, or delete a puzzle level.

Create a new level:

Touch Create New Puzzle to start a new level from scratch.

Step 1: Select the Theme

Touch the left or right arrow to change the theme. Once you have found the background theme you want for your puzzle, touch Continue.

Step 2: Create the Level

Place objects, like bricks and ramps, on the screen to build the level. To make the puzzle work you need to place at least the shopping cart, a resource, and the toilet. You will get numerous new objects as you move forward in the Story mode. Use the up and down arrows to see the other objects on the list. Note: You can test your puzzle anytime by pressing the Play button.

Step 3: Hide Objects

Select the objects you want to hide from the player, by touching the “-” option for each hidden object.

Step 4: Play Your Level

In the level editor, touch the Option Menu button to access the options. Then touch Start Game to test your level in Game mode.

The Game mode hides the objects that you checked as hidden ones, and places them in the lower bar.

In Editor Mode:

In Game Mode:

Step 5: Save Your Level

In the Options menu (Editor mode), touch Save this Puzzle to save the puzzle on the cartridge. Beware of the limited storage space for user-created and downloaded puzzles (depending on the size of your puzzles, you may save at least 4 of them). If your save space is full, remember to erase an old puzzle before creating a new one.

Build Level Mode - In-Game Menus

Options Menu (in Editor Mode)

You can access the Options menu by touching the arrow on the right:

Delete this puzzle: Erase the current puzzle from the Game Card.

Create new puzzle: Start a new puzzle from scratch (without saving your changes).

Save this puzzle: Save the puzzle on the Game Card.

Start game: Switch to Game mode.

Options Menu (In-Game Mode)

You can access the Options menu by touching the arrow on the right:

Grid Off / Grid On: Hide / show the grid.

Auto Camera / Manual Camera: Set the Camera mode when pushing the Play button.

Build Puzzle: Switch to Editor mode.

Multiplayer Menu

You can access the Multiplayer menu by touching the arrow on the left

Multiplayer: Use this option to share your puzzle with your friends via Multi-card MP mode. Touching this button will create a server that allows other DS/Nintendo DSI users to download, edit, and play your puzzle, through the Multiplayer menu in Rabbids Go Home.

Once another player has joined your server, a new option will appear in the Multiplayer in-game menu: Send. Touch it to actually send your puzzle to the other player. At anytime you can select "Disconnect" in the the Multiplayer in-game menu to quit the Multiplayer mode.

TUTORIAL: Using the Verminator in the Build Level mode.

1. Place a Verminator on one of your maps.

2. Place another object (for example, a boxing glove) and touch if you want the Verminator to block that object. Note: Not all objects in the game can be blocked by the Verminator.

3. Check in the Game mode that the Verminator actually blocks the item.

4. You can adjust the shooting speed of the Verminator. For each object touch (F1)(F2)(F3) to change the speed value.

(F1) means the Verminator will block this object very slowly.

(F2) is intermediate.

(F3) is the quickest speed.

Note: if you place several items, the Verminator will block them in the order you placed them.

Load a Previously Created Level

Choose the type of puzzle: Own puzzle or Story Mode puzzle.

Touch Own Puzzle to load a puzzle you have created or saved.

Touch Story Mode Puzzle to load a puzzle from the Story Mode menu and use it as a template for a new custom puzzle.

Using the navigation bar, select the level. Touch the OK button to load the level.

You can now modify and save it as a new puzzle, or overwrite it.

Play Puzzles

Touch Play Puzzles to play with your previously saved puzzles.

Nintendo Wi-Fi Connection

Touch Nintendo Wi-Fi Connection to share your own puzzle or download new ones through Nintendo Wi-Fi connection.

To play online, you need to have set up your Wi-Fi Settings first. Please refer to the Nintendo Wi-Fi Connection Manual for more information.

Load from Server

Touch Load from Server to download new puzzles from the Rabbids Go Home website.

Save to Server

Touch Save to Server to send the puzzle you have created to the Rabbids Go Home website and share them with other players.

Note: you can see all of the submitted puzzles via Rabbids Go Home official website or directly: <http://g2w.ubi.com/rgh-dsi/default/index/index/>

Options

Touch Audio to change the volume of the music, the sound effects, and the sensitivity of the microphone.

Touch Gallery to get information about the game objects and characters.

Touch Erase save to erase all saved data, including game progress.

Touch Language to set the language.

Touch Credits to watch the credits of the game.

Touch Wi-Fi settings to change the Wi-Fi connection settings of the console. Please refer to the Nintendo Wi-Fi Connection Manual for more information.

My Rabbids Mode

In the Main Menu screen, touch the Camera to access MyRabbids mode. This mode allows you to take a background picture and add a Rabbids animation above it.

Step 1: Choose a Rabbid animation.

Touch the Step 1 button. Touch Previous and Next to switch between the available animations.

Step 2: Take a picture.

Touch the Step 2 button. Touch the Option button to access the Camera Options menu.

Changing an option will immediately affect the image appearing on the screen. When you are ready, touch Capture to take a fixed picture.

Step 3: Modify the animation.

Touch the Step 3 button. A black square (the mask) will appear. The mask will hide the animation of the Rabbids that is behind. You can move it with the stylus (drag and drop) so that it hides just part of the animation. You can edit the mask by touching Edit Mask in the Mask Options menu, and erase the zones of the mask you want by touching them with the stylus.

Step 4: Touch Start to watch the final result. Touch Stop if you want to continue editing.

Nintendo Wi-Fi Connection

During wireless game play, if communication seems to be affected by other electronic devices, move to another location or turn off the interfering device. You may need to reset the power on the Nintendo DS and start the game again.

Nintendo Wi-Fi Connection allows multiple Rabbids Go Home owners to play together over the internet—even when separated by long distances.

To play Nintendo DS games over the internet, you must first set up the Nintendo Wi-Fi Connection (Nintendo WFC) on your Nintendo DS system. Please see the separate Nintendo Wi-Fi Connection instruction booklet included with this game for directions on setting up your Nintendo DS. To complete the Nintendo WFC setup, you will also need access to a PC that has a wireless network device installed (such as a wireless router) and an active broadband or DSL internet account. If you do not have a wireless network device installed on your PC, you can order a Nintendo Wi-Fi USB Connector (sold separately) directly from Nintendo. See the separate Nintendo WFC instruction booklet for more information.

Nintendo Wi-Fi Connection game play uses more battery power than other game play. You may prefer to use the AC Adapter to prevent running out of power when using the Nintendo Wi-Fi Connection. You can also play Nintendo WFC compatible games at selected internet hotspots without additional setup.

The Terms of Use Agreement which governs Nintendo Wi-Fi Connection game play is available in the Nintendo Wi-Fi Connection instruction booklet or online at www.nintendowifi.com/terms. For additional information on the Nintendo WFC, setting up your Nintendo DS, or a list of available internet hotspots, visit www.nintendowifi.com (USA, Canada and Latin America) or call 1-800-895-1672 (USA/Canada only).

The nickname you use will be seen by others when playing multiplayer games using Nintendo WFC. To protect your privacy, do not give out personal information such as last name, phone number, birth date, age, e-mail or home address when communicating with others.

Register Your Game for Insider Access!

It's painless, we swear. Not to mention you'll enjoy all the benefits of registration, including:

- Exclusive first access to in-game content: maps, skins, and downloads
- A wealth of news updates and pre-release game information
- Community involvement through official forums and blogs
- Invitations to join private betas and preview upcoming game demos
- Access to an extensive library of game walkthroughs and help files
- So much more!

Just go to www.ubireg.com to get started.

Thanks,
The Ubisoft Team

WARRANTY

Ubisoft warrants to the original purchaser of its products that the products will be free from defects in materials and workmanship for a period of ninety (90) days from the date of purchase. Ubisoft products are sold "as is," without any expressed or implied warranties of any kind, and Ubisoft is not liable for any losses or damages of any kind resulting from use of its products. Ubisoft agrees for a period of ninety (90) days to either replace defective product free of charge provided you return the defective item with dated proof of purchase to the store from which the product was originally purchased or repair or replace the defective product at its option free of charge, when accompanied with a proof of purchase and sent to our offices postage prepaid. This warranty is not applicable to normal wear and tear, and shall be void if the defect in the product is found to be as a result of abuse, unreasonable use, mistreatment, or neglect of the product.

Limitations: This warranty is in lieu of all other warranties and no other representations or claims of any nature shall be binding on, or obligate Ubisoft. Any implied warranties applicable to Ubisoft products, including warranties of merchantability and fitness for a particular purpose, are limited to the ninety (90) day period described above. In no event will Ubisoft be liable for any special, incidental, or consequential damages resulting from possession, use, or malfunction of Ubisoft products. Some states do not allow limitations as to how long an implied warranty lasts and/or exclusions or limitations of incidental or consequential damages. So the above limitations and/or exclusions of liability may not apply to you. This warranty gives you specific rights, and you may also have other rights that vary from state to state.

Notice: Ubisoft reserves the right to make improvements in its products at any time and without notice.

Refunds: Ubisoft cannot provide refunds or otherwise process returns for credit of any kind other than an identical product replacement. Any product refund request must occur at the place of purchase, as the individual retail outlets set their own refund policy. This policy covers identical product replacements only.

Product/Documentation Replacements: Please contact a Ubisoft Technical Support Representative directly before sending your product to us. In many cases, a replacement is not the best solution. Our Support Representatives will help you determine if a replacement is necessary or available. You will need to first acquire an RMA (Return Materials Authorization) number to process your return or replacement. **Without an RMA number from a Support Representative, your replacement request will not be processed.**

If we determine a return or replacement is necessary:

Please return the product (media only) along with a check or money order (if necessary) for the amount corresponding to your product (see replacement fees below) made payable to Ubisoft, a copy of the receipt, a brief description of the difficulty you are experiencing, including your name, address (no PO boxes), **RMA number**, and phone number to the address below.

Replacement Fees: Our most recent replacement fee schedule is available online. Please visit <http://support.ubi.com> for an updated price list.
